

NEW WAR LOOMS AS DIPLOMATIC PARLEY NEARS

WELTY SEES ONLY GOVERNOR COX

Has Ohio Governor Picked as Sure Winner at Frisco.

FINDS STRONG SENTIMENT

Fourth District's Representative Accords an Interview.

(By J. W. Fisher)

Hon. B. F. Welty, congressman from the 4th district of Ohio, home from Washington for a few weeks after the primary election on August 10, Friday evening expressed himself very positively on the presidential situation, affecting the nominations at San Francisco, in the national convention, to open on June 28.

"It is my fixed opinion," Mr. Welty said, "that the delegates chosen to participate in the Democratic national convention and to name the candidates for president and vice-president, have no difficult task before them. The nomination for the presidency should be as good as done right now. There is only one man to name who it is assured will carry the state of Ohio for democracy and sweep the country. That man is James M. Cox, three times governor of Ohio, who has been tried in the crucible of time and has been subjected to all the problems that usually confront the chief executive of a state of the importance of Ohio."

WELTY WAR ACTIVITIES

He not only met every domestic question with certainty of good judgment and with firmness and precision, but during the world war when conditions came up that tried men's souls, his hand was steady, his mind clear, his decisions just and his stand firm. He was a typical war governor, a stalwart American. His pronouncements were echoed in his district. He never wavered. He was American thru and thru. Every fiber of his being was in the cause of America. What he did for Ohio he can do for the nation, and if the Democratic convention sees the situation as it should see it, there will be no question but that James M. Cox will be the nominee of his party.

"It is a pleasure to contemplate the apparently assured fact that Governor Cox will be chosen as the Democratic standard bearer. His nomination would spontaneously result of thousands upon thousands of Republicans who are disappointed with the platform and the nominee of their party flocking to the Cox standard. Governor Cox is a big man. He is presidential timber in every sense of the word. I have been in various parts of Ohio and in other states recently and I find everywhere the sentiment is strong in favor of Cox. The fact of making Ohio the battle ground in the presidential race will insure to the benefit of the governor."

DEMOCRATIC SUCCESS

"I have watched the governor of this state carefully during his administration. He has been so progressive, so bold and so splendidly successful that it is judgment that usually keep the Republicans mightily busy in finding anything to say against him to entice votes away from his candidate. And the only way they can hope to win Ohio is by misrepresentation. All that is necessary for the Democrats to do, to make assured success in November, is to adopt a strong platform, to make something and is not merely a jumble of words as adopted by the Republicans in the Chicago convention and then nominate Governor Cox. The electorate will be the rest."

Congressman Welty, in addition to working constantly on the ship and canal proposition, has been active in behalf of better pay for postal employees. Mr. Welty has been receiving a number of complaints from business men in all parts of Ohio concerning the postal service, due to the fact that postoffice employees and carriers have been forced to resign and seek employment in other lines where better pay is afforded, thus reducing the postal department force.

COURT ACTION TAKEN TO FREE 39 NEGRO PRISONERS

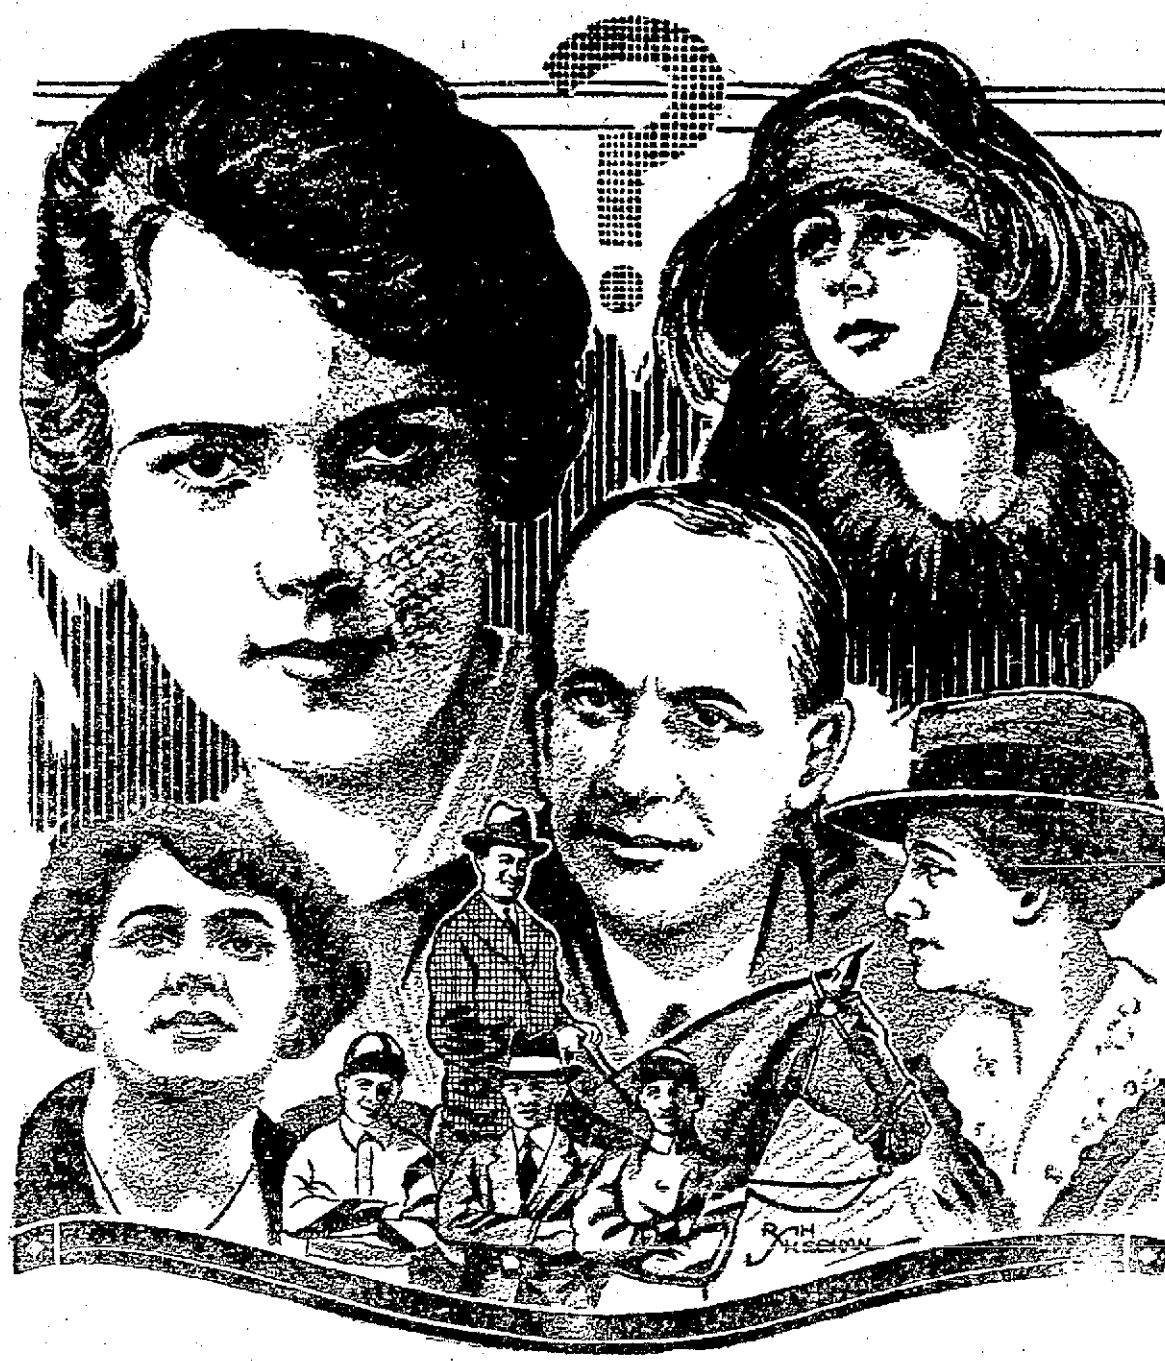

KANSAS CITY, Mo. — Habeas corpus petitions in behalf of 39 negro prisoners now serving life sentences in the federal prison at Leavenworth were up for hearing before Judge John C. Follick in the United States district court in Kansas City, Saturday.

The 39 were received at the prison in December, 1917, sentenced by court-martial for participation in a mutiny by negro troops of the twenty-fourth infantry at Houston, August 4, 1917, in which 12 white men, police officers, national guardsmen and soldiers were killed. Thirteen negroes, convicted by court-martial, were hanged. President Wilson commuted the life sentences imposed on 33.

COX NOMINATED BY OHIO NORTHERN STUDENT BODY

ADA, Ohio. — (Special) — In a mock Democratic convention held among students at Ohio Northern University, Governor James Cox was nominated on the third ballot after a close fight. The first two votes went to a close second, with Edwards third. Other candidates in the field were McAdoo, Wilson and Bryan.

ELWELL MURDER MYSTERY DEEPENS

Above: Viola Kraus (left) and Beatrice Tremaine, two intimate friends of Elwell (center). Below: Mrs. Elwell, who left her husband five years ago, and Mrs. Marie Larsen, Elwell's housekeeper. Sketch at bottom shows Elwell on one of his horses, surrounded by his jockeys.

SHIELDING WOMAN TWO THIRDS RULE BECLOUDS PROBE IS OPPOSED

Persons Knowing Elwell's Slayer Refuse Facts, Charge.

MYSTERY STILL UNSOLVED

Withhold Name of Girl Owning Pink Lingerie.

NEW YORK — (By United Press) — Belief that several persons know the identity of the murderer of Joseph Bowne Elwell, white expert, but turn the desire not to involve the name of a woman, have withheld facts. This will be the keynote of the investigation conducted by Assistant District Attorney Joyce Saturday.

Joyce said he felt sure the murderer realized his identity was known to these persons.

District Attorney Swann, conducting an additional investigation, said "we are as far from the solution as we were on Friday morning," when the white expert was found dying at his home.

The identity of the "woman in pink," the owner of the lingerie found in Elwell's home, was definitely established Friday, Swann said. Her name, however, he added, would be withheld.

He said he would refer to her only as "Miss Wilson," the name by which she was known to Mrs. Marie Larsen, Mr. Elwell's housekeeper.

GIRL ATTEMPTS SUICIDE AFTER FAILING AT SCHOOL. IS EXPECTED TO RECOVER

NEW YORK — Pearl Kluger, 16-year-old school girl, who attempted suicide here Friday after she learned she had failed in her examinations and would not be graduated with her class, was expected Saturday to recover. Her sorrow after she had been photographed with the class and had made all her plans for graduation, led her to shoot herself with a revolver she had secreted, her parents said.

213,135 PRESENT STRENGTH OF UNITED STATES ARMY

WASHINGTON — Estimated strength of the army on June 17 was 213,135 officers and enlisted men, of which 15,689 held commissioned grades, according to figures made public by the war department. Since March 1, 1919, when active enlistment began 210,446 men have been enlisted and of this number 172,301 are still in service.

FIRE LOSS \$65,000.

TOLEDO. — Damage amounting to \$65,000 resulted from a fire which partly wrecked the Fame Laundry building here last night. Ninety employees were thrown out of work. While fighting the blaze for two hours, six firemen were injured by glass and falling bricks.

COUGERS WARNED

Unlawful Price Plots Must Cease, Says U. S.

WASHINGTON — (By Associated Press) — Warning that agreements between manufacturers and dealers which prevent dealers from reducing the selling prices of manufactured articles is unlawful was sounded Saturday by the department of justice as part of its campaign to lower the cost of living.

Indictments recently were obtained against the Colgate Company, Attorney General Palmer stated, charging criminal violations of the Sherman act for procuring agreements with dealers to adhere to fixed resale prices. Absence of formal contracts will not avoid the provisions of the law, according to the attorney general, as in the Colgate case the agreements in some instances consisted in the exchange of letters or in purely oral conversations.

General reduction in prices is expected by officials of the department as a result of the clear definition of the law as it is pointed out that many merchants have been unable to co-operate in the campaign to lower living costs, because of the fixed prices on certain manufactured articles.

HARDING GIVES UP VACATION

Will Stay in Washington to Plan Campaign.

(By Associated Press)

WASHINGTON — Senator Warren G. Harding had abandoned his plan for taking a vacation and remain in Washington for further conferences with party leaders. It was said these conferences, held for the purpose of learning the views of, and bringing together in harmonious organization, various factions of the party, likely would be continued until the nominee leaves for his home in Marion where he will be notified formally of his nomination.

The date of the notification still was undecided but an announcement was expected that was expected. Senator Harding still was receiving belated congratulations and promises of support from Republican leaders throughout the country and many of them called in person to discuss with him issues of the forthcoming campaign. All were agreed that the first and most essential step was to bring about harmony and weld into one organization all elements of the party.

DRY'S SEIZE FISH BAIT

NEW YORK — If your fishing bait has a nice odor 'ware the cellar smellers. Prohibition agents seized three bottles of Patrick Maloney's bait. Maloney said the hooch was deep sea bait.

Bryan Element Urging Majority Vote at Frisco.

SAN FRANCISCO — (By United Press) — A determined effort is being planned to bring before the Democratic convention the question of changing the rule whereby a two-thirds vote is necessary to nominate. It was learned Saturday. Chairman Homer S. Cummings and other national committee members are opposed to the change and believe they can beat it. W. J. Bryan is expected to take a leading part in the fight for the change.

What is wanted is a rule, making a majority vote sufficient to nominate, the same as in the Republican convention. The change was proposed at the last meeting of the national committee in Washington but it was not considered. Now its proponents think that if they can get it before the convention, they can carry their point.

The gossip about this proposed alteration of convention procedure was the high light of pre-convention activities here Saturday. A few individual delegates were struggling in, but no solid delegations are expected until next week. Several are on the road making short jaunts. New York will be one of the first to arrive.

There was much interest among the few who are here in President Wilson's interview with the New York World in which he reiterated that the convention should make the league of nations an issue. Few Bryanites were on the ground, therefore little opposition was voiced.

Miss Mary E. Fox of Los Angeles, a delegate to the convention, declared the president had struck the proper note; that the majority of the women voters regardless of party affiliations wanted ratification of the league of nations as a measure of insurance against war and that they would follow Wilson's judgement.

TWO CONVICTS ESCAPE OHIO PRISON FARM. ARE STILL AT LARGE

COLUMBUS — Police Saturday were seeking two convicts who escaped from the Ohio penitentiary farm at Lucasco on Friday night. The escaped convicts are John W. McKee, received April 5, 1913, from Cuyahoga-co for bigamy and Albert Mitchell, received May 23, 1913, from Lucasco for manslaughter. Police were notified that two men were in the dye house changing their clothing. When officers arrived, the men had fled, each taking an armful of clothing and leaving their prison garb behind.

REWARD FOR CARUSO JEWELS

EAST HAMPTON, N. Y. — A reward of \$10,000 "with no questions asked" was offered today for the recovery of the \$500,000 worth of jewels recently stolen from the household of Mrs. Enrico Caruso here. The announcement was made by A. C. Bennett, representing a Manhattan insurance company. "We will pay the reward for the return of, or information leading to the recovery of all the jewelry. A proportionate reward will be paid for any piece returned," he said.

COX IS BOOMED AS M'ADOO QUILTS

Leading Democrats Now Lining Up for the Ohioan.

THINKS NOMINATION ASSURED

Will Put Him Thru Despite Opposition, They Say.

WASHINGTON. — (By United Press) — Administration Democrats were leaving Washington for San Francisco Saturday, frankly in the dark as to candidates, but with very definite plans as to what planks should go into the Democratic platform.

The uncertainty as to candidates was the result of announcement of William G. McAdoo's decision not to allow his name to go before the Democratic convention.

The President Wilson might have to throw the administration strength behind some candidate to avoid a long deadlock in the convention, was regarded as extremely probable despite Wilson's assertion that he has not acted in behalf of any candidate.

President Wilson's interview with the New York World supplementing his previous endorsement of the Virginia Democratic platform left no uncertainty as to the policies the administration Democrats will fight for. Democrats as they embarked for their cross-country trip, declared Governor James M. Cox with McAdoo's withdrawal, would get the Democratic nomination early in the convention, if it were not for the opposition of W. J. Bryan.

FOR COX ANYWAY.

There was some talk of an attempt to get Cox and Bryan together. Failing in this, Democrats were for nominating Cox anyway, in the belief that he would carry New York, New Jersey, probably California, his own state of Ohio, and the Democratic solid south, running on a light wine and beer plank.

The movement to Carter Glass, which McAdoo supporters started, apparently lost momentum soon after it got under way. Glass pointed to the weak spot of his candidacy when he said he lived in a section "which is relied upon to furnish the electoral vote but not the candidate," Democrats said. It was also pointed out that McAdoo's strength came from labor in a large measure and that Glass could not hope to inherit this.

The name of Secretary of State Bainbridge Colby was also on a number of Democratic lips as a possible dark horse and there was a slight spurt in the talk of John W. Davis, American ambassador to England. The McAdoo withdrawal coming on the heels of the Wilson interview brought a revival of reports that President Wilson would seek a third term. Two Democratic senators denied that Wilson would seek a third term and declared that the reports were started to injure Wilson. Both these senators are close on the White House.

DEMOCRATIC PLATFORM.

So far as the Democratic platform is concerned, Senator Glass figuratively carried it in his pocket as he left here with the Virginia delegation. Glass is slated to head the resolutions committee on which administration backers believed they are assured a majority of the members.

The Glass platform calls for ratification of the treaty without reservations which injures its "essential integrity," condemns the Republican congress, praises the Wilson administration, calls for a reduction on the cost of living by passage of measures advocated by Wilson in one of his messages to congress and declares against a soldier bonus.

Still in the making are the prohibition and labor planks.

HEAD OF GIMBEL STORE SEIZED

Manager of New York House Accused of Profiteering.

NEW YORK. — Fredrick Gimbel, first vice-president of Gimbel Brothers, department store with branches in many cities, was arrested today by department of justice agents on a charge of profiteering in clothing. Gimbel is head of the New York store.

J. J. Dowdell, general merchandise manager of the store and C. B. Sawyer, clothing buyer, also were arrested on similar charges. All three are charged with making profits in clothing of from 90 to 275 per cent on the cost of living by passage of measures advocated by Wilson in one of his messages to congress and declares against a soldier bonus.

THEY START YOUNG

NEW YORK. — They smoke young in South Carolina. John Wood, a sailor, stuck a cigarette in the mouth of Mrs. Nelson's baby. He told the desk sergeant they did that in his home state. Thirty days.

POLICE BAFFLED IN SEARCH FOR BANDITS WHO LOOTED BANK

CLEVELAND. — Police of a half dozen counties were still baffled Saturday in their efforts to run down the four men who Friday robbed the First National Bank at Chagrin Falls and shot one man and struck down another. Examination Saturday disclosed that the amount of the loot does not exceed \$2,500.

A. R. Chase, 70, who tried to stop the men from entering the bank, was shot in the leg. A customer in the bank got a blow on the head from a revolver butt when he didn't move fast enough for the bandits.

DAYTON FULL OF COX BOOSTERS

Citizens and Visitors Join in Big Demonstration.

GREET GOVERNOR AT HOME

Two Special Trains Leave for Frisco Saturday Night.

DAYTON. — (By Associated Press) — Before leaving for San Francisco Saturday night where they expect to do everything possible to bring about the nomination of Governor James M. Cox as their standard bearer, Ohio's delegates to the Democratic national convention aided by party leaders and citizens of Dayton are to participate in a community demonstration for the governor this afternoon.

A feature of the demonstration will be a parade participated in by fellow townsmen of the governor, the delegates and boosters from various parts of the state who expect to accompany the Ohio delegation to Golden Gate. After parading thru the business section the well-wishers will go to the home of the governor's suburban home, where a number of addresses will be made and to which the governor is expected to respond.

The governor will not attend the convention. His interests there will be in direct charge of National Committeeman E. H. Moore of Youngstown, who already is on the ground. During the convention Governor Cox will spend part of his time at the executive offices in Columbus. While the balloting is going on he expects to be in his newspaper office here.

Among those who are expected to speak at the demonstration at the governor's home this afternoon are United States Senator Pomorene and former Governor James E. Campbell, members of Ohio's "big four."

Several thousand persons are expected to participate in the parade, according to Colonel J. H. Dowling, who has charge of the arrangements. The parade is scheduled to start at 2:30 p. m.

Many of the delegates and boosters arrived in the city Friday and others came in Saturday morning. Two special trains will carry them to San Francisco.

MILITIA GUARDING DULUTH JAIL

Orders to Shoot if Mob Tries to Take Negroes.

DULUTH. — National guardsmen from the state encampment at Fort Snelling arrived here early Saturday to reinforce the guard about the St. Louis-co jail where 14 negroes are being held in connection with an attack upon a white girl. The soldiers are armed with machine guns and rifles and will have orders to "shoot to kill" if necessary to uphold the law.

The request for the troops was made Friday night by Sheriff Magie of St. Louis-co to Governor Burton of St. Paul. The sheriff declared he had information that an organized attack was to be made on the county jail in an effort to lynch the negroes.

Last Tuesday night a mob of 5,000 persons wrecked the city jail and hanged three negroes arrested in connection with the attack on the girl.

The 101 guardsmen are under command of Adjutant General W. F. Rhinow and four other officers.

ATTEMPT MADE TO KILL FORMER KAISER, REPORT

DOORN, Holland. — (By Associated Press) — An attempt against the life of former Emperor William of Germany was made at 5 o'clock Wednesday afternoon, according to persistent rumors here.

Details of the reported attempt are veiled in mystery, but it is asserted that William escaped without injury.

A villager, at first thought to be a Belgian, but later identified as a German, is said to have entered the castle by the use of a false permit and then tried to kill Count Hohenzollern.

M. Freyboom, private secretary to the former emperor, assured THE ASSOCIATED PRESS this morning that no attack had been made on William of Hohenzollern.

FIRE ON JAP WARSHIP

HONOLULU. — Reports of a battle between Peking and Canton government troops at Changai are contained in Tokyo advices to Nippon. A Japanese language newspaper here. The dispatches stated that the Canton troops fired on the Japanese warship Fushimi, which returned the fire, killing scores of Chinese.

ENVOYS TO MEET AT BOULOGNE

Will Be Faced With Perilous Situation, Report.

TURKISH MENACE IS SEEN

Grave Problems Confront All Europe and Near East.

LONDON. — (By Associated Press) — Great interest is being taken here in the meeting of representatives of the great powers at Boulogne, France, on Monday and there is much speculation here in view of the grave problems demanding solution thruout Europe and the near east.

The original idea was for a conference of Premiers Lloyd-George and Milorand, but it seems to have been expanded to a meeting in which France, Great Britain, Italy and Japan, Belgium and Greece will participate.

Newspapers calling attention to the serious issues affecting the relations of the allies with Russia, Turkey, Germany, Hungary and Poland remark that the state of the world is more menacing than it was twenty years ago, and call for "clear decisions based on soundness of purpose" and "free from self-seeking individuals."

WAS OUTBREAK SEEN

The menace of the Turkish Nationalists in Anatolia exceeds for the moment, in the view of editors here, other dangers, the situation amounting, according to several estimates, to the outbreak of a new war.

Mustapha Kemal Pasha, leader of Nationalists, is said to completely control Anatolia with the exception of a small area held by the British in the neighborhood of Ismid and some territory around Smyrna controlled by Greece. His forces comprise 37,000 fighting men who are well supplied with munitions and have abundant available reinforcements.

ALLY OF RUSS REEDS

What remains of the Turkish government is declared to be hapless, and the troops, which are reported utterly untrustworthy, have been recalled from the Ismid peninsula. Additional anxiety over the situation has been caused by the belief that Mustafa Kemal is acting in accord with the Russian Bolshevik government, although there have not been as yet any reports of co-operation.

Against the Turkish situation and other deliberations with which the Boulogne conference will be faced may be an apparently reliable report that hopeful progress has been made recently in the appointment of the German plenipotentiary as between Great Britain and France, which lately caused friction. Arrangements which will probably satisfy the claims of

MIAMI NOT "RICH MAN'S SCHOOL"

Fifth of Students Are Working Way Thru University.

OXFORD, Ohio. — That Miami University, Oxford, Ohio, is not a "Rich Man's School," although it is the home of a number of national fraternities, including Beta Theta Pi, Sigma Chi, and Phi Delta Theta, is shown by the fact that more than a fifth of the students work their way thru college or earn a large part of their living expenses while there.

While the average grade of Miami students according to the scale of grading used here, is 100.2, the average of the students who are doing some work to earn money is 102.5.

There are 233 different jobs in Oxford filled by University students. Twenty-four were employed during the year as carpenters. Thirty-four were waiters at University boarding clubs. There was one kilt hilt tender, one chessing gun and candy salesman, a lake boatman, three motion picture operators, thirteen men engaged in farm work. Two were barbers, and two classified themselves as laborers.

While household help is so scarce, it might be thought that many of the women students would be employed in housework. Four girls only, however, were doing housework part time. Three were nurses, three seamstresses, and one was ambitious enough to call herself a poetess. There was one aesthetic dancer, and one church organist.

The total estimated earnings of the students for the year are \$23,942.60. The average amount paid was a little over twenty-five cents an hour.

GERMAN SHIPS REAPPEAR

WASHINGTON. — Reappearance of German tonnage was noted in the monthly report of Acting Governor Morrow of the Panama canal to Secretary Baker. During April the report showed, four German ships aggregating 25,000 tons, traversed the canal, paying \$20,572 in tolls.

FIRE ON JAP WARSHIP

HONOLULU. — Reports of a battle between Peking and Canton government troops at Changai are contained in Tokyo advices to Nippon. A Japanese language newspaper here. The dispatches stated that the Canton troops fired on the Japanese warship Fushimi, which returned the fire, killing scores of Chinese.

SPAIN WAITS FOR NEW MATADOR

Successor to Bullring Champion to Be Chosen.

MADRID.—Who can take the place as marcel of Spain's bullring vacated when Jose Gomez (Joselito), the supreme matador, was slain in May in the bullring of Tolosa de la Reina?

This is the question all Spain is asking since the tragic ending of Joselito's spectacular career. Juan Belmonte, Joselito's only real rival as a popular idol, remains alone in his glory but inasmuch as it has always been the custom in Spain to have two great bullfighting favorites, it is expected that Belmonte's supremacy will quickly be challenged by new romantic figures.

The most likely claimant for Joselito's place in public esteem is believed to be Sanchez Mejias, Joselito's brother-in-law, altho Chiquito and Varello, two youthful matadors who only recently flashed upon the firmament of toreros, are expected to prove strong contenders.

Not in many years has any tragic death created such a widespread impression as did Joselito's. His taking off at an age when it was generally believed he had fully twenty years of ring glory before him stirred the whole nation. For, despite the fact that he had been a matador for eight years, Joselito was only 25 years old at the time of his death. Ring skill came to him as an inheritance for he was the son of an famous Gipsy bullfighter and his brother, Rafael, popularly called "El Gallo," has long been a brilliant matador, while another brother is also a bullfighter.

It is said of Joselito that he was only four years old when he faced his first bull. This is probably a myth but it is certain that he made a reputation as a bullfighter when he was in his early teens. So rapidly did he progress that he was only seventeen when he became a matador at Seville in 1912. His advent into the ring at such a tender age created a sensation, as no other "swords" had ever taken up the reckless profession so young.

Joselito's style from the first was faultless and his skill in the ring brilliant that he was able to make it appear that he was never in any danger. The impression made on many of the spectators by Joselito's work was that, altho he handled the most ferocious and dangerous bulls, it seemed too easy for him. Indeed, some of his earlier critics were inclined to argue that Joselito had not shown true courage but his friends defended him on the ground that his dexterity and cleverness were so great that his courage was not always apparent to those unfamiliar with the fine points of ring work and who sat on the other side of the barricade.

At the time of his death he had killed more than 1500 bulls and had participated in 670 bullfights. In 1915 he established a record of 100 bullfights in one season. In 1916 and 1917, four times he had been wounded in the ring. Before he was twenty years old Joselito had acquired a fortune of several million pesetas and since then he is supposed to have amassed several additional millions.

LIMA LEGION CONDEMNNS ACTION OF COMMERCE BODY ON SOLDIERS' BONUS

Paul Gallagher, Post No. 96, American Legion, at special meeting called Friday evening at Memorial Hall passed a resolution condemning the action of the Lima chamber of commerce in sending telegrams to Washington opposing a flat bonus for soldiers.

Austin Potter, representing the chamber of commerce, explained the stand taken by the chamber of commerce in opposing a flat bonus, which would not make a distinction as to length and kind of service, etc., and said the chamber is not opposed to former soldiers receiving a just and equitable bonus.

Neither Secretary Irving R. Lincoln nor President George Dayle were present at the meeting, altho according to officials of the legion, they were invited to attend.

HARRY L. DRAKE DIES AFTER A YEAR'S ILLNESS

Harry L. Drake, 35, 129 N. Pierce st., died at the Toledo State hospital, Friday, where for the past three weeks he had been for treatment. His illness had extended over a year.

Dr. Drake and his wife, Mrs. D. Drake, were born in Lima. Before his health failed, he was employed in clerical work. Surviving are the parents, the widow, a daughter of three years and two brothers.

The body was brought to Lima Friday night by the Williams and Davis company. Funeral services will be held Monday at 2 o'clock at the residence, Rev. Franklin A. Stiles will officiate and interment will be at Woodlawn.

THE TAPPEN AUTO ELECTRIC CO. IS NOW LOCATED AT 110 WATER-ST. UNTIL THEIR NEW BUILDING IS COMPLETED.

Purina Scratch Feed and Chicken Chowder \$4.75 per 100 at Dorsey's.

NEW YORK.—The actual condition of clearing house banks and trust companies for the week shows that the reserve held is \$3,817,970 below legal requirements. This is a decrease of \$41,916,880 from last week.

TAX PAYING EXTENDED Alien-on-commissioners have extended the time of tax-paying to July 15. This action does not include the cigarette tax, nothing but personal property and real estate being designated.

THE ACTION that usually taken by commissioners, it being a court-ordered tax-payers to permit of the extra few weeks for settling with the country. It also does away with much delinquent tax. Otherwise, the time for the collection of taxes would end June 20.

RANK CLEARINGS NEW YORK.—The actual condition of clearing house banks and trust companies for the week shows that the reserve held is \$3,817,970 below legal requirements. This is a decrease of \$41,916,880 from last week.

LIMA DISTRICT NEWS IN BRIEF

ST. MARYS.—Planned by a mass of hardwood bullets against the wall in the narrow confines of a drykirk, the lifeless body of Joseph A. Brodbeck, 60, married and the father of an adult family, was Friday afternoon found at a local woodwork factory. He had been alone for ten minutes. A support beam broken, allowing the spikes to topple against him. He followed falling till a few moments ago.

ST. MARYS.—A skeleton recently found under Louis Ramaga's residence porch near Buckland, is declared by local physicians to be that of a woman, possibly an Indian squaw, not over twenty years of age. The finding is based on careful examination. An Indian burial mound is situated near the Ramaga residence. The bones were found while remodeling the house. They were at first connected with the mysterious disappearance, July 5, 1884, of William Sherman, on his return from Toledo with \$600.00 in his possession with which to pay for timber and labor in the Buckland district.

ST. MARYS.—Seven bushels is the estimated yield this year of the cherry tree known as "Ohio's Great Pie Tree" on the William Sammelinger farm in Pashel-atp, Austria. The tree is sixty years of age and has a trunk-diameter of thirty inches. It has borne fruit continuously for fifty-six years.

ST. MARYS.—His silver jubilee of ordination to the priesthood will be observed Sunday, June 20, with special ceremony by Rev. Clement Beckmeyer, pastor of Holy Rosary Roman Catholic Church, St. Marys.

DELPHOS.—The following will graduate from St. John's high school here: Adeline Drembling, Martha Lindemann, Leone Honigfort, Adell Fleischer, Evelyn Nomina, Genevieve Beckey, Rida, Evelyn, Mary, John Meyer Raymond, Cable and Lawrence Lang.

DELPHOS.—Small fireworks will be allowed here on the Fourth, according to Mayor R. L. Jauman. Sale will begin July 1.

DELPHOS.—A horse belonging to Melvin Ladd was struck and killed Thursday by a Clover Leaf train.

DELPHOS.—Mrs. Elizabeth Hillman, Landeck, died Thursday morning at her home in that village at the advanced age of 80 her death being due to old age infirmities. Seven of her eight children survive.

DELPHOS.—Joseph Lang has been hired as merchant policeman here.

DELPHOS.—Joe Von Sosson employed by the Clover Leaf R. R., accidentally struck his head against a box car Thursday. Seven stitches were required to close the wound.

DELPHOS.—The 150 striking members of the Amalgamated Sheet Metal Workers Union and Federal Workers returned to work at the Delphos Manufacturing Co. Thursday after having arrived at an agreement with the company officials. Advances in some cases of nearly 100 per cent in wages were given.

ORDINANCE NO. 824 Determining to proceed with the improvement of Washington Street from Elm Street to Lakewood Avenue by paving.

It is Ordained by the Council of the City of Lima, Ohio, that the following be and it is hereby so ordered, to-wit:

Section 1. That it is the intention of the Council of the City of Lima, Ohio, to improve the street known as Washington Street from Elm Street to Lakewood Avenue by paving.

Section 2. That the grade of said street shall be improved in accordance with the plan of improvement adopted on the 15th day of April, 1920, and in accordance with the plan of improvement adopted on the 15th day of April, 1920, and in accordance with the plan of improvement adopted on the 15th day of April, 1920.

Section 3. That all claims for damages resulting therefrom, filed with the City Engineer and approved by him, shall be judicially inquired into after the completion of the improvement, and the City Engineer is authorized and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims for damages.

Section 4. That the lots and lands abutting upon said street and the improvements thereon shall be assessed for the cost of said improvement, and the City Engineer is authorized and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims for damages.

Section 5. That the following lots and lands abutting upon said street and the improvements thereon shall be assessed for the cost of said improvement, and the City Engineer is authorized and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims for damages.

Section 6. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 7. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 8. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 9. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 10. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 11. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 12. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 13. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 14. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 15. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 16. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 17. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 18. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

HELL SPEAKS ON AMERICANISM

Would Police This Nation With Right Thinking.

For the second time this year, Dr. John Wesley Hill, chancellor of the new Lincoln Memorial University, of New York, delivered his address on Americanism to a Lima audience Friday night at Memorial hall.

The return was at the request of local organizations that wanted the speaker to hold a special mass meeting for men in Lima industry. Over 500 attended.

Hill declared that the period of reconstruction in which the world was now engaged demanded new ideas and new men. He drew a graphic sketch of what qualities he believed the next president of this country should possess.

"Substitute the golden rule for the rule of gold," was one of the pleas he made. No such crisis has ever appeared in the history of the world as that which we are now confronting. It is for us to police this nation with right thinking."

NEGRO HOLDS UP STORE, TAKEN AFTER LONG CHASE

TOLEDO, O.—After a chase which led thru the heart of the downtown district early today, Walter Perry, a negro, was captured and lodged in jail on a charge of holding up a confectionery store. During the chase, there was a steady exchange of shots, the negro dodging behind buildings and bill-boards and returning the fire of the confectionery proprietor and several policemen.

The pursuers lost track of their man and were crossing the Maumee river when they saw him resting against a railing, believing he had escaped.

F. E. HOWELL DIES IN DETROIT F. E. Howell, 36, Detroit, Mich., died in that city of hemorrhage of the lungs Thursday. The body was taken to the home of his sister, Mrs. J. W. Howell, 1236 E. Michigan, where he was laid out.

The widow and a son, Mr. J. W. Howell, are in the city. The funeral services will be held at the Howell home Monday morning.

WILL SURRENDER FUGITIVE SAN FRANCISCO, Calif.—Carlos Carmelo Garcia, former paymaster in the Mexican army, whose extradition to Mexico has been sought on a charge of embezzlement of \$60,000 was denied a writ of habeas corpus in the federal district court.

Garcia has waged a stubborn fight against extradition, claiming that his return to Mexico would mean his death before a firing squad.

AUTO RACER FINED Ray Runtree, 23, Kansas City, Mo., was fined \$5 in criminal court Saturday morning after pleading to driving a racing car in the city without a muffler.

A RESOLUTION NO. 371 Declaring it necessary to improve the street known as Washington Street from Elm Street to Lakewood Avenue by paving.

It is Ordained by the Council of the City of Lima, Ohio, that the following be and it is hereby so ordered, to-wit:

Section 1. That it is the intention of the Council of the City of Lima, Ohio, to improve the street known as Washington Street from Elm Street to Lakewood Avenue by paving.

Section 2. That the grade of said street shall be improved in accordance with the plan of improvement adopted on the 15th day of April, 1920, and in accordance with the plan of improvement adopted on the 15th day of April, 1920, and in accordance with the plan of improvement adopted on the 15th day of April, 1920.

Section 3. That all claims for damages resulting therefrom, filed with the City Engineer and approved by him, shall be judicially inquired into after the completion of the improvement, and the City Engineer is authorized and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims for damages.

Section 4. That the lots and lands abutting upon said street and the improvements thereon shall be assessed for the cost of said improvement, and the City Engineer is authorized and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims for damages.

Section 5. That the following lots and lands abutting upon said street and the improvements thereon shall be assessed for the cost of said improvement, and the City Engineer is authorized and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims for damages.

Section 6. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 7. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 8. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 9. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 10. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 11. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 12. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 13. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 14. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 15. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 16. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 17. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 18. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 19. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 20. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 21. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Section 22. That the assessments so levied shall be payable in annual installments, with interest on deferred payments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof, and one installment every year thereafter until all the assessments shall have been paid.

Children Cry for Fletcher's Castoria.
A Message to Mothers
YOU know the real human doctors right around in your neighborhood, the doctors made of flesh and blood just like you; the doctors who do not make a habit of saying "I don't know" to your child's ailments; the doctors who are ready to tell you the good that Fletcher's Castoria does, is doing and will do, from their experience and their love for children.
Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.
Genuine Castoria always bears the signature of *Dr. J. C. Fletcher*
Children Cry for Fletcher's Castoria.

PRIZES AWARDED AT ST. ROSE

Graduation Address Given By Dr. Graham, of Sandusky.

Miss Margaret Lynch, second daughter of Mr. and Mrs. Michael Lynch, west High street was awarded the scholarship for girls to St. Rose's school, following the graduation exercises at St. Rose Catholic church Friday night. Miss Lynch who is a member of the graduation class, had the highest number of credits of any girl in the class for the four high school years. Dan Campbell, also a member of the graduation class, won a gold medal as the highest among the boys. Other medals awarded were: Louise McJannet, sophomore; and Clifford Schmeising, freshman.

Thomas Connelley, fifth grade, and Clare Milligan, sixth grade, recent winners in the annual high and grade school spelling contests were awarded their medals at the same time. Miss A. E. Manning made the awards.

The graduation address was delivered by Dr. Graham, of Sandusky, a speaker of exceptional ability. Dr. Graham made a powerful plea for higher education and in the course of his address stated that the man or woman who ruled the masses was the one with intellect and educational ability.

Early Morning Fatigue When you wake in the morning feeling tired out, feeling worse in fact than when you went to bed, you are confronted with one of the characteristic symptoms of neurasthenia. It is due to the run-down condition of the nervous system that does not bring renewed strength and sleep after the tired brain. Overwork and worry are the most frequent causes of this condition. Neurasthenia is the name given to this common form of nervous debility in which the power to recuperate is gone.

The blood can be built up so that it will increase the supply of needed elements in the wasted nerves and this is the only way that the nerves can be reached. Dr. Williams' Pink Pills are a tonic that especially builds up the nerves because they supply to the blood the elements that the nerves need. Many nervous disorders, sometimes chronic ones have yielded to this tonic treatment with Dr. Williams' Pink Pills when other methods failed to give relief. They are certainly worth a trial.

Your own doctor can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., at 60 cents a box. Write for the booklet, "Diseases of the Nervous System."

Purina Cow Chow 24 per cent Protein Dairy Feed, at Dorsey's.

PLEADS NOT GUILTY Marion Provo, 64, 116 S. Union-st., arraigned in criminal court Saturday morning on a charge of parking a wagon in the safety zone on S. Union-st., pleaded not guilty, and hearing was set for 9 o'clock Tuesday. He was released on his own recognizance.

HIGH LIFE SCANDALS COLUMBUS.—Both Harding and Hoover have filed suits in common pleas court, asking for divorces. George B. Hoover charges friend wife with gross neglect and Lillian Harding wants a divorce from her husband on the same grounds.

TAKES VACATION IN AIR TOLSA, Okla.—William Miller Graham, oil operator, will leave for Colorado Springs Saturday for his annual outing. He will travel in a built-to-order limousine airplane.

PURE, RICH BLOOD NECESSARY TO HEALTH

Impurities in the Blood Tend to Spread Throughout the Whole System. Keep Yourself in Good Health. Let Nerv-Worth Tone You Up.

"My blood has been in a very bad condition," said Mrs. Lizzie Daley, 224 East Antietam street, Hagerstown, Md. "Due to this, my appetite was very poor. I had severe pains in the back of my head, my back and arms. My food didn't digest properly, and I was so nervous, and this caused me to blot badly from gas forming. I have used Nerv-Worth and it has been a great help to me. I have been using it for only a short time. I have improved greatly. My stomach doesn't bother me now, bloating is stopped, and my blood and appetite are in better condition."

At this time of year it is a well-known fact that the blood is often inclined to be in bad condition, and contains many impurities, excess of acids, and is full of poisons. Nerv-Worth is a blood-purifying, blood-tonic, and is taken into the blood, the whole system becomes run down, the impurities make their presence known by causing the complexion to become "muddy," blotches, pimples and other skin irritations make their appearance. These conditions should be remedied at once, instead of waiting until the arrival of hot weather. Nerv-Worth is a great help in eliminating such conditions. It drives out impurities, neutralizes those excess acids in the stomach and blood, stimulates the liver, aids digestion and tones the whole system at the same time. Get the rosy glow of health in your cheeks. Let Nerv-Worth help you overcome these impurities and their attending ills. See the Nerv-Worth expert at Hunter's Drug store. Try a free sample. Get an instructive booklet. Nerv-Worth is sold by all druggists.—ADV.

LIMA INDEPENDENTS READY FOR DOUBLE HEADER SUNDAY

SISLER LEADS BATTERS IN AMERICAN LEAGUE WITH PERCENTAGE OVER .400—HORNSBY HITTING AT TOP IN NATIONAL

(By JOE BERNSTEIN)
THE LIMA INDEPENDENTS are ready to take on both teams with whom they have scheduled games for Sunday.
The day will be a gala occasion in Lima baseball for the double header will present to Lima fans two teams, both of them strong aggressors, after a win, and will be by strong opposition from Bernie Holleran's outfit.
The first game will be played with a nine balling out of Celina. The second with the strong Chicago Keystones.
Both teams are ready for their nine innings of ball and both of them claim that they can put it over the Independents.
The Celina outfit is bringing a following of three hundred fans to the city, who have confidence in them, and will probably boost their team to the utmost in the fans' way.
The Chicago Keystones have played in Lima before, on a date that they are not any too anxious to re-day stay in the city last summer. member. The occasion was a two in those two days they dropped two games to the Independents.
They return this year to retrieve their lost honors. A win tomorrow will give them a start on the path to victory over Lima, for they expect to come again to the city later in the season.
Lima will start Westbay against the Celina outfit and will save MacClarent, the good looking Toledo pitcher for the last and what is expected to be the harder contest of the day.
MacClarent looks like a good pitcher. On a warm day he should be able to develop some curves that will dazzle the Chicago hitters.

JUPITER PLUVIUS TREATS REDS ROUGHLY
CINCINNATI was treated no better by old Jupiter Pluvius than was Cleveland. The Reds have been sojourning in the east in search of a live game, but have been unable to score up any opposition.
Baseball teams refuse to play in a downpour of rain and a downpour is exactly the word to describe what has been taking place in the event.
It sets the Red back about four games on their schedule, but like the Indians, they still hold their lead on the coveted place, despite advances that Brooklyn has been making.
The rest, however, is doing the Reds a lot more good than harm.

CLEVELAND ADVANCES TOWARDS HONORS
Cleveland's inactivity on the baseball diamond for the past few days, and Babe Ruth and company's unprecedented activity, failed to oust the Indians from the top position in the American league.
Speakers tribe came back Friday and ousted Alexander from the box in a series of bunched hits, renewing their hold on honors.
It was the first game the Indians had played for a few days, rain having interfered with contests that might have put the Ohio team in the lead had they played.
Watkinson proved easy to yesterday's battle and Cleveland romped away with the game.

SISLER TOPS MEN IN MAJORS

CHICAGO—George Sisler, star of the St. Louis club, today is blazing the trail for the batters of the American league.
The St. Louis first baseman, second to Tris Speaker of Cleveland a week ago, shot into first place with an average of .408, while Speaker fell into second place with an average of .392. Joe Jackson, the hard hitting outfielder with Chicago, is third with .374. The averages include games of Wednesday.
Sisler's remarkable batting streak came into bloom a week ago and his consistent hitting won the coveted first place honors. Sisler connected with eighteen hits in seven games. He has a total of 85 safe blows for 51 games.
With the season a third finished, "Babe" Ruth, champion home run hitter, seems certain of establishing a new record, as he is only ten behind the mark of twenty-nine he set last season.
Speaker is leading Ruth by one as a run-getter, having registered 51 times. Eddie Rice of Washington continues to show the way to the base stealers, his 22 thefts remaining high. Other leading batters: Milan, Washington, .368; Johnston, Cleveland, .364; Meusel, New York, .351; Weaver, Chicago, .351; Murphy, Detroit, .351; Shotton, Detroit, .350; Henry, Boston, .349; Judge, Washington, .348; Ruth, New York, .344; Evans, Cleveland, .343; Johnson, St. Louis, .342; Felsch, Chicago, .335.
There was little change among the leading batters of the National league during the past week. Roger Hornsby of St. Louis added a few points to his average, as did Nicholson of Pittsburgh, who became the upper-up to the St. Louis star, displacing Daubert of Cincinnati, whose slump put him in third place.
Hornsby is batting .393, Nicholson, .351 and Daubert, .334. Hornsby, in addition to leading the batters as the best run getter. He has registered 41 times, his nearest competitor being Stock a teammate and back of Chicago, who are tied, each having scored 35 runs.
Cy Williams of Philadelphia failed to increase his string of home runs in his bidding his own with seven fruit drives to his credit. Dave Robertson of Chicago, is two behind him.
Max Carey of Pittsburgh pliffered no more bases, and is far in front of the base stealers with a string of 19. Roush of Cincinnati, his closest rival, has stolen twelve bases. Other leading batters: Robertson, Chicago, .340; Groh, Cincinnati, .335; Duncan, Cincinnati, .328; Lousch, Cincinnati, .328; Williams, Philadelphia, .322; B. Smith, New York, .316; Young, New York, .315; Jack, Chicago, .315; Clemens, St. Louis, .309; Fournier, St. Louis, .308; Cruise, Boston, .306; Stock, St. Louis, .305.

There was little change among the leading batters of the National league during the past week. Roger Hornsby of St. Louis added a few runs to his average, as did Nicholas Johnson of Pittsburgh, who became the leader-up to the St. Louis star, displacing Daubert of Cincinnati, whose slump put him in third place.

Hornsby is batting .393, Nicholson .371 and Daubert, .347 runs in addition to leading the batters as the best run getter. He has registered 41 times, his nearest competitor being Stock a teammate and ace of Chicago, who are tied, each having scored 35 runs.

ENGLISHMAN TO SCRAP
LAWRENCE, Mass. — Tommy "Kloby" Coheoran, English welterweight champion, will exchange punches with Jack Lawler, Omaha, Neb., in a 12-round bout here late Saturday.
THE TAPPEN AUTO ELECTRIC CO. IS NOW LOCATED AT 110 WATER ST. UNTIL T-ETR NEW BUILDING IS COMPLETED.

CORNELL VARSITY CREW TO MEET COLUMBIA BOATMEN IN REGATTA; ITHACA OAR WIELDERS ARE FAVORITES

BY HENRY L. FARRELL
ITHACA, N. Y. — Cornell was first choice among enthusiasts here to see the inter-collegiate regatta of the American Rowing Association, which will be rowed Saturday in three races of two miles each, among the varsity, junior varsity and freshman crews of Columbia, Pennsylvania and Syracuse.
The weather was the main topic of the conversation among the thousands arriving for the annual water classic of America.
Northerners around Lake Cayuga are like the "northerners" in Texas, when they get going good they raise old Satan himself.
The Cornell varsity eight jumped into favor when it was reported that in trials the crew had twice broken the course record of 19:28 made in 1912 by Pennsylvania. Jim Ten Eyck, coach of Syracuse, which is considered Cornell's toughest opponent, was sore on the weather man Saturday.
"Gus Rammi, stroke oar, has two very painful boils," Ten Eyck said. "I am afraid we are going to fall down in the race we have been setting ready for all season. It's a bad break, but it can't be helped."
Coach Courtney of Cornell, was all optimism. "The boys have the winning habit; this season, I don't believe they will have a change at this late day," he said.
"They are all in good condition," Jim Rice and Joe Wright, co-captains of Columbia, and Penn., resent being figured as "also runs" in the big class.
"From the talk, we're being counted out as dead ones," said Rice, but dead boys like ours have strange ways sometimes of coming back to life. Wright echoed his sentiments.
Special police arrangements have been made to handle the crowd which was expected to reach the 20,000 mark.
The freshmen, junior varsity and varsity races will be rowed in order, starting at 6 o'clock Saturday night.

TAD'S TID-BITS

FRANK MORAN STILL GOING
Charles Francis Moran, the sorrel-topped Pittsburgher, writes us from London saying that things are lovely.
He says: "Am still trying to make a blond Irishman heavyweight champ of the world and it will be done. Ha, ha! The best a mule can do is to TRY. But I am 'not such a thing.'"
Lewis Is After Carpenter
Charley Harvey, the Walrus, who is on the other side with Ted Lewis, writes to say that his warrior is better than ever and just daffy to get a whack at Carpenter. Charley says that some sporting men over there are willing to bet \$25,000 that Lewis can beat the French marvel.
Ah, a Poet Writes In!
Dear Tad: In view of being one of Fletcher's most ardent supporters, and to show my appreciation of his playing, I wish to contribute the following humble poem to the king of them all:
"Oh what a pal was Artie—
Oh, what a pal was he,
A shortstop was born one early morn
And God sent him to the Giants.
Heart of his team was Artie,
King of them all was he,
And tho he is gone love lingers on,
For Artie, the former Giant."
—J. H. C.
Will Gibson Sends Us the News
LOS ANGELES, Cal., June 4, 1920.
DEAR TAD:
Just a line to let you know that Champion Leonard today started training for his boxing campaign en route home. The motion picture will be over within ten days. Today the champion went on the road and he will be busy running in from the studio, a distance of five miles, every day following work. I have arranged for three fast local boxers to train with Benny, and I am sure that he will be in great shape when he starts for home.
Benny will box in San Francisco, Portland and Chicago, getting home about July 8. He will meet a fast local boy in San Francisco and a top-notch in a ten-round bout in Portland during the Shrine convention. At Benton Harbor, across the lake from Chicago, he will mix with Charley White in a ten-round match, thereby giving an old challenging opponent a chance at the title.
Leonard has proved a success in the picture game and has been besieged with offers for five-reelers. But he is anxious to box and will pass up these contracts, which are extremely lucrative.
I hope that by the time we get back the Boxing Commission will be appointed by Governor Smith so that all the challenging lightweights will have a chance at the champion's title.
BILLY GIBSON.
Talking About Skinny Guys
Jimmy O'Connor, the old-time Harlem sport, dropped in yesterday to wise us up.
"I notice a lot of sport writers are laughing at Marty Burke, the New Orleans wonder, who weighs 160 pounds and stands 6 feet 2 inches," said Jimmy.
Why, listen, old Rube McCarthy stood 6 feet 4 inches and only weighed 133 pounds. He could go, couldn't he? He was a Kerry crowd for fair. He beat Benny Yanger and Elbows McFadden and didn't muss his own hair. The night he fought Billy Grupp tho, was the derby night.
"The first round was hammer and tongs. The second round was even worse. McCarthy socked Grupp so hard that he knocked him thru the belting and out into the audience. The leather straps burst and the ring posts caved in. McCarthy jumped out into the audience after Grupp and they fought their way back onto the raised platform.
"They had to use grappling hooks to take the Rube off Mr. Grupp that evening.
"McCarthy lost so much blood, the fight had to be stopped in the second round just as Rube was about to zlick his long, skinny right over for the knock-out. A kid yelled: 'Don't hit him with that, Rube, you'll stab him!'"

YANKS WIN IN TENNIS
LONDON. William T. Tilden of Philadelphia beat Zenzo Shimizu of Japan, 6-1, 6-1, and William M. Johnston of San Francisco, United States singles champion, defeated Maj. Dudley, 6-2, 6-2, in the semifinals of the London lawn tennis championship tournament today.
By these victories America has already won the singles championship. It only remains to be seen whether Johnston or Tilden is the better man in the finals tomorrow.
Wampus Hums
FRIDAY'S HERO.—Barnes, Giant slinger, wobbled for a time but staged a come-back that slammed the Pittsburgh Buccaneers 5 to 4.
Tragesser's homer helped break St. Louis' streak of seven straight victories. Aided by Stengel's one-handed catch of Fournier's liner with two out and two on, the Phillies won 1 to 0.
The Yanks made it three in a row when they trimmed the White Sox 3 to 2.
Caldwell's pitching, aided by good hitting by the Indians, beat the Senators 3 to 2. Speaker polod a homer.
The Browns took their ninth straight, hanging up a 4 to 2 win against the Athletics.
FRIZZETTI WINS
BOSTON.—Jimmy Frizzetti, of Brockton, was awarded the decision over Joe Lawson, of Milwaukee, after 12 rounds of milling here Friday night.

FULTON LOOKING FOR TROUBLE
Fred Fulton is back in town looking for a muss. He was quite successful out in Seattle, winning every bout he had.
He tried to get permission to box in Frisco, but Dan O'Brien, the police captain who handles the fights, refused to allow him to show. A year or so ago the police put on a benefit. All of the boxers in town appeared except Fulton. He got himself in bad then, and it looks as tho he is thru in the city by the Golden Gate.
LEO FLYNN BUYS HANDCUFFS
Kid Norfolk, the "dark horse" slugger, almost turned Leo Flynn's hair white up in Rochester last week. He fought John Lester Johnson up there, and after the fight, met Johnson on the street and fought ten more rounds, boots, teeth and elbows allowed. An hour later he met Johnson again and rolled around the block with him, and at 11 o'clock at the railroad station, staged another rough and tumble go.
"I don't mind that guy liking to fight," piped Flynn, "but any time he starts I want a box office. There's no nourishment in those street fights, giving every one a free look."

The Screen

Today is the last showing at "The Eyes of Youth" with Clara Kimball Young.
FAUROT.
At the Faurot today will be seen Charles Ray in "Alarm-Clock Andy."
LYRIC.
Leah Baird has the lead in "The Captive" at the Lyric today.
ORPHEUM.
Nazimova plays the title role in "The Brat" showing today at the Orpheum.
MAJESTIC.
William Farnum is here today in "The Last of the Duanes."
RIALTO.
"The Honor System" is at the Rialto today, with George Walsh.
NOTES.
Ethel Clayton, Paramount star, will sail for England on or about July 17, to make productions at the London studio.
Paramount has bought the motion picture rights to George Scarborough's success "Moonlight and Tonesuckle" and "Toujours de l'Audace" by Ben Ames Williams.
Lois Wilson, leading woman in pictures whose latest production is the adaptation of George Barr McCutcheon's "The City of Masks" is spending a well earned vacation at her home in Birmingham, Ala.
In addition to Mary Pickford two players who have since attained stellar honors are in the cast of "Rebecca of Sunnybrook Farm" the Artcraft picture which is being released this month. They are Marjorie Daw and Eugene O'Brien.
Walter Hiers, comedy fat man in

pictures, has the role of a Civil War time newspaper reporter with a high, starched collar, in "Hold by the Brim" a forthcoming Paramount release.
Mack Sennett's fifth five-reel super-comedy "Married Life" has been completed and is ready for distribution by First National.

Wallace Reid has returned from his vacation and begun work on "The Charm School" a picturization of Alice Duor Miller's story. The plot deals with the perplexities of a young man who falls heir to a ladies' seminary.
Thomas Meighan, is turning east to begin work on the adaptation of Albert Payson Terhune's story "The Frontier of the Stars." He is traveling in company with David Warfield with whom he played for three years in "The Return of Peter Grimes."

DIVORCE A LA MODE
The following is the exact reproduction of testimony in a smart divorce case. Still we wonder at crime.

One day he and Blanche were in Newport, R. I. They quarreled, and the quarrel happened just a few minutes after he had awakened from a bed under whose pillows lay a razor and at whose side were two pistols.

He gets sore, according to the way Blanche's sister related it and gets ready for a regular thrill. Blanche leaves the room. There is a roar, as if from an arsenal or a navy pistol.

Blanche, who got married to another fellow later without knowing anything about it, rushed into the room. There lay her sailor husband, spread all over the floor in a don't-he-look-natural pose. On his shirt front was a crimson stain. At his side was a smoking pistol, as anybody might put it.

"Tweet! Tweet! Hello!" shrieked Blanche. "My 'Billy'! Why, oh, why did you do it? You were so good to me—sometimes!"

But Blanche—she looked at the crimson-stained shirt, and she took a feel of it. Then she "piped" a hole in the curtain.

Horrors gave way to curiosity and curiosity to something else.

"Bum shot," she mused and winked one of her pale blue eyes as she went back to the crimson shirt.

"Ink!" she shrieked. "Red ink! Ah! Ah! That's your game, is it?"

"He tried to make me believe he was killing himself," she said, "but we found out he wasn't dead and fired at the bureau instead of himself."

The man told the court a few days ago how his wife was arraigned at Elliptical City some months ago on a charge of bigamy and escaped with a parole when she said she was drunk and did not know of the ceremony with "Charlie."

ALWAYS SOMETHING NEW

When we attend the movies, which we do regularly, we always wait anxiously for the news reel or topical review. We don't have much time to read the newspapers and we like to keep track of what is going on in the world. While some other features of the average movie show may not hold us entranced, we are always sure of something new and are certain to see the vital episodes of the world's news dished up, hot off the griddle. And the best part of it is, we are never disappointed. We know exactly what we are going to see. We saw our favorite news reel yesterday and it ran exactly as follows:

Wellesley college girls rolling hoops.
Canoeing on bay at Copenhagen.
Battleship passing under Brooklyn bridge.
Count De Kay arriving from Europe.
Secretary Daniels looking thru porthole of battleship.
Living American flag made by Squawucket school children.
Muskrats at play.
View of Charleston, S. C., from airplane.
Launching of freighter Cheopah-ophanatum at Seattle.
Close-up of Miss Euphemie Mudge, who christened the boat.
Drill of students at Holsum Military Academy.
Fire in Bone Collar Button Works at Hoopdale, Ind.
Miniature sailboats on lake in Central park.
Making doughnuts by machinery.

THE WONDERS OF SCIENCE

Science has discovered that people in different parts of China do not speak the same language. But they wouldn't have anything interesting to say if they did.

During the glacial period ice could be had for nothing as far south as Chihuahua, Mexico.

A man in Iowa has counted the leaves on a large maple tree, but he didn't set it down and forgot the total next day.

The wind which will be expended at the two national conventions would wave all the flags in the universe for nineteen years.

One professor says high heels cause many divorces. Yes, a wife can't do much manual labor in the things.

WHAT THE STARS PREDICT

This is an unfortunate day. All initiative should be delayed until the evening hours. Agriculture and mining come under a lucky sign today.

Changes in the laws and traditions governing marriage are predicted and divorce will be increasingly prevalent this summer.

It is an unfortunate day for those who endeavor to rule or dictate to others.

Persons whose birthday this is will have a year of great prosperity. Children born today will be successful but given to worry.

(Copyright, 1929)

HELPING THE BLIND

A NEW and gainful occupation recently has been opened to the war blind thru the philanthropic endeavors and observations of Dr. Schuyler Skaats Wheeler, president of a large electric plant at Ampere, N. J., says the Dayton News. Walking one day thru his plant, Dr. Wheeler noticed that many of the girls engaged in winding wire coils, could do their work skillfully and easily and carry on social conversations at the same time. In other words, it was not necessary to see the work being done in order to have it done properly.

There flashed thru Dr. Wheeler's vision at that moment, that herein lay a vast opportunity to take care of the soldiers blinded by the war. He has set to work to demonstrate his abiding faith in the practicability of this process. Apprentices who were blind were given instructions in the work at 15 cents an hour. Upon completion of their period of training they went into actual labor with such success that many of them now make \$4 a day.

More startling, if possible, than the coil winding work to which young men have been engaged, has been the larger fields of profitable endeavor to which the hand of the sightless ex-soldier has been directed. Not only more than 30 different coils are being wound by these blind experts but notching machines, stamping devices, typing and stenographic work has been taught. More than 2000 jobs either have been filled or are in sight for those able to fill them.

Thus progress evolves from so simple an observation as Dr. Wheeler chanced to make on his way thru his own great industry. Doubtless where he has pointed the way other industrial leaders will follow. Close application to the needs and requirements of many plants will disclose a host of positions that find interesting and profitable. The world is in a state of progression. Its human instincts, after all, override its baser passions. The unfortunate who came out of the struggle in Europe will not find themselves deserted in their affliction, but graininess of heart and broadness of visions, will carry these fragments of humanity into a safe and softening haven where they may work and be paid generously for their work. The movement to lift men thus stricken away from the unsavory position of charity bespeaks the sign of better things for the nation.

HOME FOR BACHELORS

AMERICA still retains its reputation for novelty. Witness, for an example, the fact that a New York man, dying, has left the bulk of a \$3,000,000 estate to found a home for bachelors and widowers. There will follow in the wake of this announcement, a great deal of speculation among newspaper editors and others as to just what bachelors and widowers will find to interest them in this proposed permanent home. So far as the bachelors are concerned, there doesn't appear to be a very strong disposition to extend very much sympathy to them. If they are strong and healthy and possess the necessary qualifications for earning a livelihood, there is no special reason that most folks can see, why they should under the premises, be provided with a comfortable home and all the cares and attentions that generally are bestowed upon cripples and aged. It may be that the New Yorker will provide certain qualifications for entrance into the home, and public opinion, therefore, must be suspended until such time as the merits of the will are carefully considered. Probably some underlying purpose is involved. He was unmarried himself and it may be that in this formal and most unusual manner he proposes to place a premium upon bachelorhood. If this was his purpose he might have left his millions to better use.

A WONDER OF A WORLD

BELGIUM, racked and ruined Belgium, rapidly is balancing herself, making ready to plunge dauntlessly into the maelstrom of material reconstruction, says the Enquirer. Much of her huge task even now is accomplished. This irrepressible people, swept thru five destructive years by the vandal frenzy of the German army, rises undaunted to view the ruin of its former achievement and starts anew to equal, perhaps better, that earlier success. Belgium, her home razed, her industries and her agriculture paralyzed, her farms abounding in caverns and unexploded shells, stands today before the world as a bright example of unshaken valor and confidence.

The principle that has lifted the smaller nation out of the ruins and ashes, and the one that will avail to disentangle this land is on the surface easily discernible by any eye. It is the principle of hard, unflinching work. Belgium's remarkable recovery entirely is due to the fact that her people have taken this truth into their hearts. They have worked indefatigably, enjoyed it, and achieved marvelous things by the power of coordinated energy. They realized at the outset that they had no time for strikes, for interminable bickering over short hours, less work and more pay. By reason of this admirable attitude they have succeeded. And by reason of utter lack of it American has failed where Belgium has gained. Just as soon as this nation adopts the same point of view, remembers that not hundreds, but millions, of persons abide in this land, just that soon, and not before, will America rise to equal rank with Belgium in the forces of reconstruction and advance.

It remains for every one to get under the burden and lift mightily, lift together. Then the future will turn a cheery face to all.

MISS LIMA: Photographers won't be required to snap Senator Harding declining the nomination. Everyone has a picture of him doing that.

IN LIMA CHURCHES SUNDAY

Christian and Missionary Alliance, 539 South Elizabeth-st. Rev. R. H. Moon, pastor. Bible school 9:15 a. m. Subject: "The Life of Faith." Young people's society 6:30 p. m. Evangelistic service 7:30 p. m. Subject: "The Unknown God." Mid-week prayer meeting Wednesday evening at 7:30 o'clock.

WOMEN NEED NOT STAND IT

Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham Laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women.

WHATEVER YOUR WANTS

MAY BE A NEWS WANT AD
WILL SATISFY

The Cost of Living Is Up to You

IT MAKES NO DIFFERENCE what
your work is, the cost of living is up to you—
just as much up to you as it is to any one else.

You may do any one of a hundred different
jobs in a factory, or office, or store, or home.
You may be working for one of the railways or
any other public service corporation. You may
be operating a machine or you may be operating
a desk, or a home.

Whatever you are doing, you can't get away
from the fact that a certain part of the cost of
living depends upon your work.

We are all in the same boat. There are no
bosses and workers when it comes to the cost
of living. Everybody is a partner; everybody
is a worker.

Just as soon as we all get together and make
up our minds to deliver more real work during
every working hour of the day, just that soon
will prices begin to fall.

The cost of living can't come down until pro-
duction goes up. And production can't go up
until each one of us makes every minute count.

Plenty of goods mean low prices; few goods
mean high prices. Make more goods, do more
work; for whatever you do has an influence on
production.

It's all so simple, and so easy. If we will
only get together and work. And don't forget
this, we will make more money if we do more
work. We will make more money because
prices will come down, and when prices come
down your money buys more, is worth more—
and you have more and save more.

YOU CAN CUT THE COST OF LIVING

Electricity In the Home Shows Big Increase

MANY MORE HOUSES ARE WIRED
THIS YEAR THAN LAST

There has been at least a 25% in-
crease in the number of people who
have installed electrical appliances
such as electric irons, toasters,
fans and other apparatus in their
homes this year. The percentage is
the increase over last year.

J. C. Sweeney, proprietor of an
electrical appliance shop at 110 East
Market street stated Saturday that
this increase in the demand for elec-
trical goods can be attributed to
more than one cause.

One cause for the demand may
be the further education of the
American public as to the economies
may be attributed to the number of
in the use of electricity. Also it
new inventions which have lightened
the burdens of a housewife and
revolutionized many forms of labor.

We can at least say that there are
hundreds more Lima people who are
keeping cool this summer. Not with
the old fashioned palm leaf fan but
with breeze producing electric fans
which pay for themselves in the
comfort they produce.

Mr. Sweeney also announced that
within a few days he will place on
sale a new washing machine, equip-
ped with an electric motor which
has never before been sold on Lima
markets. The many new features
to be found on the new Eden wash-
ing machine are very apt to turn a
dreaded wash day into a carefree day
of pleasure.

Dry Cleaning is Means of Thrift

CLOTHES THAT ARE WORN ARE
MADE TO LOOK LIKE NEW

Of the many lines of business
which save articles from discard, the
dry cleaning business is surely de-
serving of a place near the front of
the ranks. Countless suits which
have almost been dropped in the rag
rack to be forgotten by the original
owner have been rescued by the
American Dry Cleaning store at 110
west Wayne street.

These clothes have come so close
to the "morgue" for old clothes that
the story seemed to be humorous,
but by the diligent work of clean-
ing, pressing and mending, these
thought to be old clothes, have been
placed back in service and been worn
as long again.

Did you ever stop to think of
how wonderful it is in these days
of advancement to send a suit to
the presser's shop late in the after-
noon and have it ready to wear for
that entertainment in the evening.
Yes, it is wonderful, but that's just
what you can do. And the cost is
so little that in comparison with
the service, it is really nothing.

In these days of high prices it
behoves you to take that "nearly
old" suit to the cleaners and have it
mended and put back into serv-
ice.

WHEATLEY STOCK LIST

Steel and Equipments Lacking in Definite Tenderness.

Table with 2 columns: Item, Price. Includes Wheatley Co. stock prices.

NEW YORK.—Stocks pursued their customary week-end course, a few opening giving way to irregularities.

Deliveries of cream during the week have shown some increase and production has now reached the high point of the year.

WHOLESALE PRODUCE. Long Horn Cheese, 1 lb. 1/2. Print Cheese, 1 lb. 1/2.

Table with 4 columns: Item, Open, High, Low. Lists various food items and their market prices.

MARSHALL FIELD REVIEW

Marshall Field & Company, in their weekly review of the dry goods trade, say:

PLAYGROUNDS AT PARKS OPEN

Are Fully Equipped for Pleasure of Lima Children.

With the staging of the "hard luck" picnic at Fawcett park Saturday afternoon, in which several hundred children of all ages and sizes participated.

The park playgrounds which for several years have been a constant source of enjoyment of the children.

GENERAL DROP IN PRICES

SAYS BANK STATEMENT

NEW YORK.—Recent declines in the prices of a few commodities are to be regarded as isolated instances, but are part of a gradual general movement that has been in progress for a considerable time.

WAIT MESSAGE FROM BEYOND THE GRAVE

PROMISED BY DR. HYSLOP

NEW YORK.—Friends of Dr. James Harvey Hyslop, leading spirit in the waiting for him to make good his promise to communicate with the spirit world.

THE TAPPEN AUTO ELECTRIC

IS NOW LOCATED AT 110 ALDER ST. UNTIL THEIR NEW BUILDING IS COMPLETED.

THE LIMA MARKETS.

(By Swift & Co.)

Receipts of live poultry are heavier, but prices show little change on account of the fact that storage stocks of poultry have been much reduced.

More eggs are being produced than are required for current consumption. Due to hot weather and generally poorer quality, there is a tendency toward slightly lower prices.

Deliveries of cream during the week have shown some increase and production has now reached the high point of the year.

WHOLESALE PRODUCE. Long Horn Cheese, 1 lb. 1/2. Print Cheese, 1 lb. 1/2.

Table with 4 columns: Item, Open, High, Low. Lists various food items and their market prices.

OHIO INCORPORATIONS. The Rosemont Country Club Co., \$100,000; N. M. Berk, L. D. Freig.

NEW YORK SUN REVIEW. NEW YORK.—The evening Sun in its financial review Saturday afternoon, said:

Trading in Saturday's short session of the stock market reflected the same forces and influences at work as in the latter phase of Friday's session.

Apparently, the shorts found few insuperable obstacles to their covering. Trading was extremely dull.

Price changes were narrow on both sides of the previous closing level. There were here and there one or two outstanding strong spots, such as Corn Products, Refining, Baldwin and so on.

The undertone was firm that is to say there was no weakness in any quarter. What little buying initiative there had been in the first hour seemed to disappear in the second.

Prices yielded to some extent because of neglect, but further changes were insignificant.

REWARDED FOR SERVICE AS LEADER IN WORLD WAR

WASHINGTON.—Appointment of Major General John A. Lejeune as major general commandant of the marine corps, to succeed Major General George Barnett, was announced Saturday by Secretary Daniels.

General Lejeune commanded the famous second division when it broke the German lines in the Meuse-Artois offensive and the secretary said his appointment to command the marine corps was in line with the policy of the department to reward the officers who served with distinction during the war.

General Lejeune will take charge of the corps next week.

BLOODHOUNDS TRAIL ASSAULT OF GIRL

FALMOUTH, Ky.—Armed men with a pack of blood-hounds made an all-night search of the country surrounding Falmouth for a girl who late Friday attacked Mary Teyman, a 13-year old girl.

When the Falmouth authorities head of the attack they telephoned to Captain V. G. Miliken of Lexington who hurried with the blood-hounds here and aided a posse in scouring the woods in the vicinity of the attack. The search was resumed today.

The girl was not seriously injured.

MEN AND MATTERS

Judge Silas S. Richards, of Clyde was in Lima Saturday calling on friends and announcing his candidacy for chief justice of the Ohio supreme court.

Harvey K. Stiles, son of the Rev. Dr. Stiles, left Friday for the Stock-keepers School, the Wilbur Wright Aviation in Dayton.

Men between the ages of 18 and 25 who were formerly in any branch of the Army are entitled, upon re-enlistment, to an enlistment pay of \$30. Periods of re-enlistment are for one or three years.

WANTED FINE STRAWBERRIES. Graham's Ice Cream Factory want 800 crates of strawberries for Strawberry Ice Cream. All farmers who grow fine berries should bring their load to Graham first and get their price.

New York city advertisers for a pathologist at \$360 a year. We don't know what a pathologist is, but if he takes the job he will have to have a good side line of wall papering, plumbing or something.

Non-Supporting

There is a ten to one chance for every man that some time he will be unable to earn his own living; that he will become dependent upon his children, or others for support.

The family may be glad to do everything possible for his comfort, but he cannot get away from the feeling of dependence.

While a man has earning ability he owes it to himself to lay aside a portion of his income for his own support when the day for work is over, and he owes it to his family to provide for their comfort when his support stops.

Therefore, the person with a savings account is simply paying an obligation—a thing no honest man will try to avoid.

Have your account with the Allen Corner Savings and Loan Company, Corner Market and Elizabeth Streets, where it will earn five per cent interest for you.

SWALLOWED SHARP STICKS. BOY DIES, LUNGS PENETRATED

GUTHRIE, Okla.—The swallowing of several sharp-pointed sticks resulted in the death of the nine-year-old son of Joseph Inskeep of near here recently.

The boy was rushed to a local hospital, but all efforts to save his life were unavailing. One of the sticks punctured his lung.

SUICIDE MYSTERY

NEW YORK.—The suicide of Henry Humphrey Parsons, 30 member of a prominent New York family found dead in the bathroom of his aunt's home here, was unexplained Saturday. A deep cut under his eye led police to believe he had been attacked before he returned home and shot himself.

LEGAL NOTICE

Jesse James, Gladys James, George James and Robert James whose places of residence are unknown, will take notice that The Wagner Loan Company did on the 30th day of August, 1919, file a mortgage on lot number 75 in the City of Lima, said County and State to secure payment of Four Hundred Dollars and Forty Cents (\$400.40) and thereon according to a certain note referred to in said mortgage; praying that said sum with interest be paid or that said premises be sold to pay the same and the said Jesse James, Gladys James, George James and Robert James are notified that they are required to appear and answer on or before July 1, 1920.

The Wagner Loan Company of Lima, Ohio, Plaintiff. By Melvin C. Light, its attorney. 5-23-65-28.

A Guarantee That Guarantees

The best guarantee of faithful performance, of lasting usefulness or of the definite quality of a product is found in that product's advertising.

If you value constant satisfaction---if you want to push every dollar to its limit, read the advertisements. In them you will find many newsy items to save you money, time and energy.

Whether your wants are food, clothing, furniture or a toy for the children---the advertisements can help you.

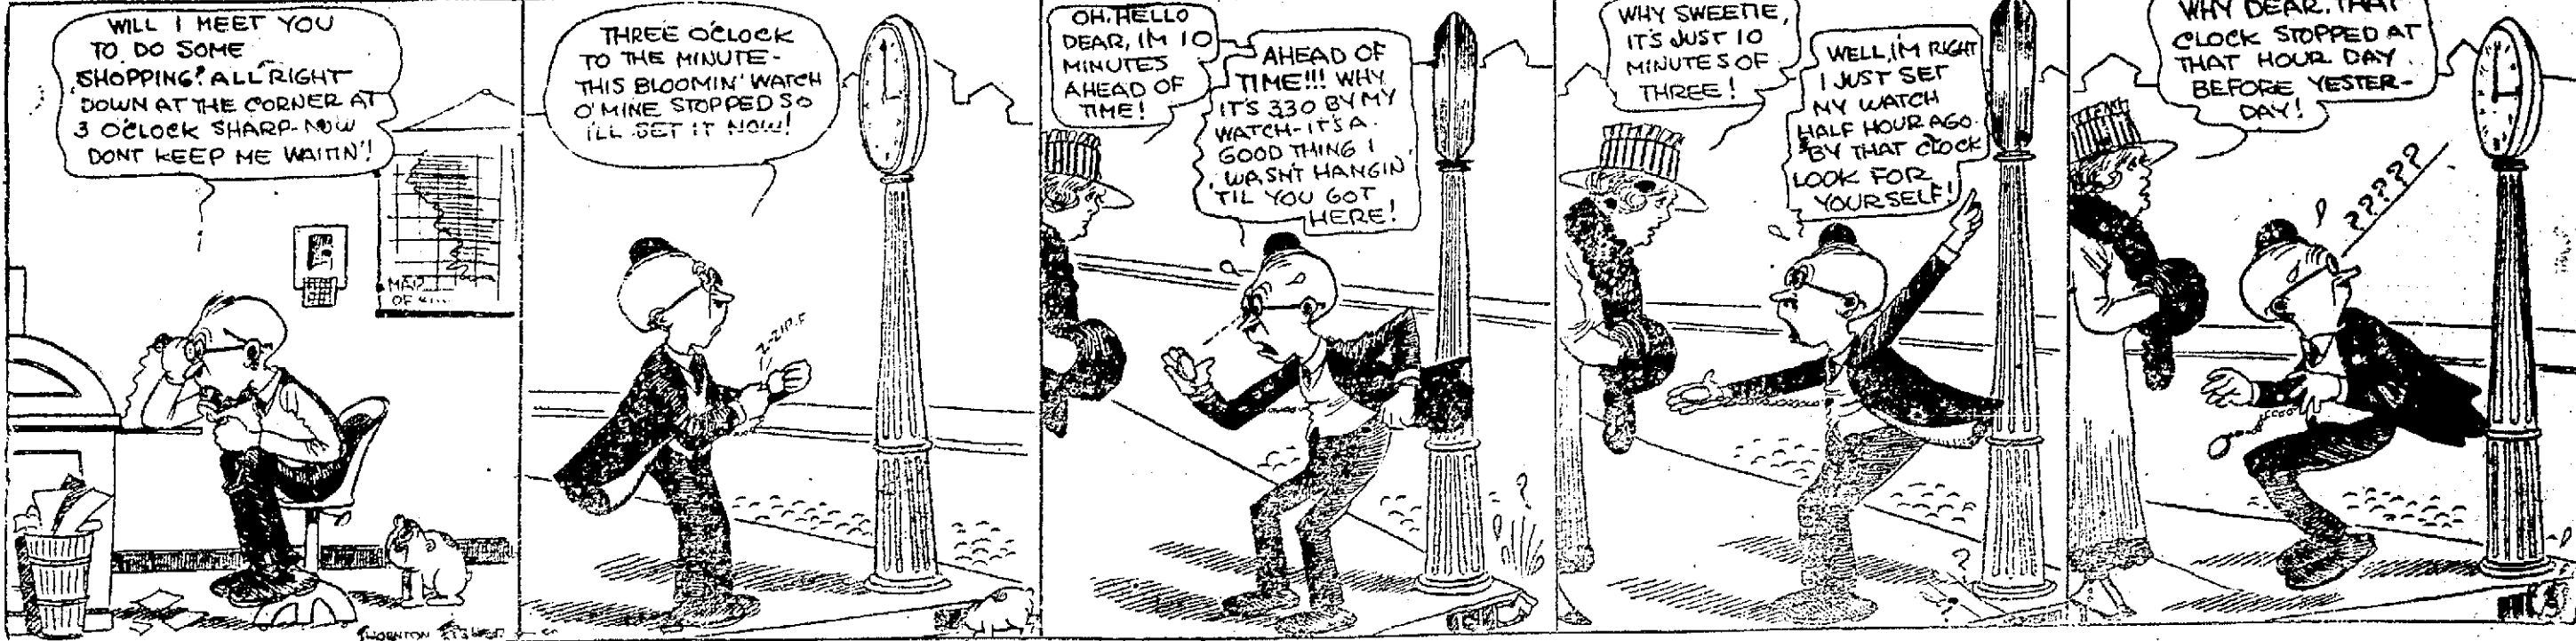

The advertisements contain many suggestions to meet the important problems in the home. To take advantage of an advertisement is to save---to get guaranteed value.

Read the advertisements! You will find they pay.

Mr. I. Knowlitt

His wife deserves a medal for living with lippy!

By Thornton Fisher

Short Shavings

The commercial traveler met Sandy, the canny one, emerging from the postoffice.

"Ah, Sandy!" cried the commercial, "it is good to see a prosperous farmer as yourself—not forgetful of his country! You have been in the postoffice to purchase war bonds?"

"Nay," said Sandy easily.

"Oh! then, perhaps you have put a little money in the savings bank, that it may help the country?"

"Nay."

"Well," said the traveler as a last resort, "I suppose that you have bought a postal order to send to some poor acquaintance."

"Nay, I've been in to fill my fountain pen."—London Ideas.

A little girl who was astonished and appalled by a question the teacher asked her. The question was this: "Can you tell me whether you are an invertebrate or a mammal?"

"Please, Miss," she stammered, "I don't think I'm either. I'm a Methodist."

The enterprising company in the Sudan had decided to lay a railway into the wilds, and, of course, many blackwre employed in its construction.

One day the telegraph clerk at the nearest civilized spot received a telegram from the foreman of the railway constructors.

"White boss dead. Shall I hurry him?"

"Yes," wired back the clerk. "But first make sure that he is quite dead. Will send another white boss tomorrow."

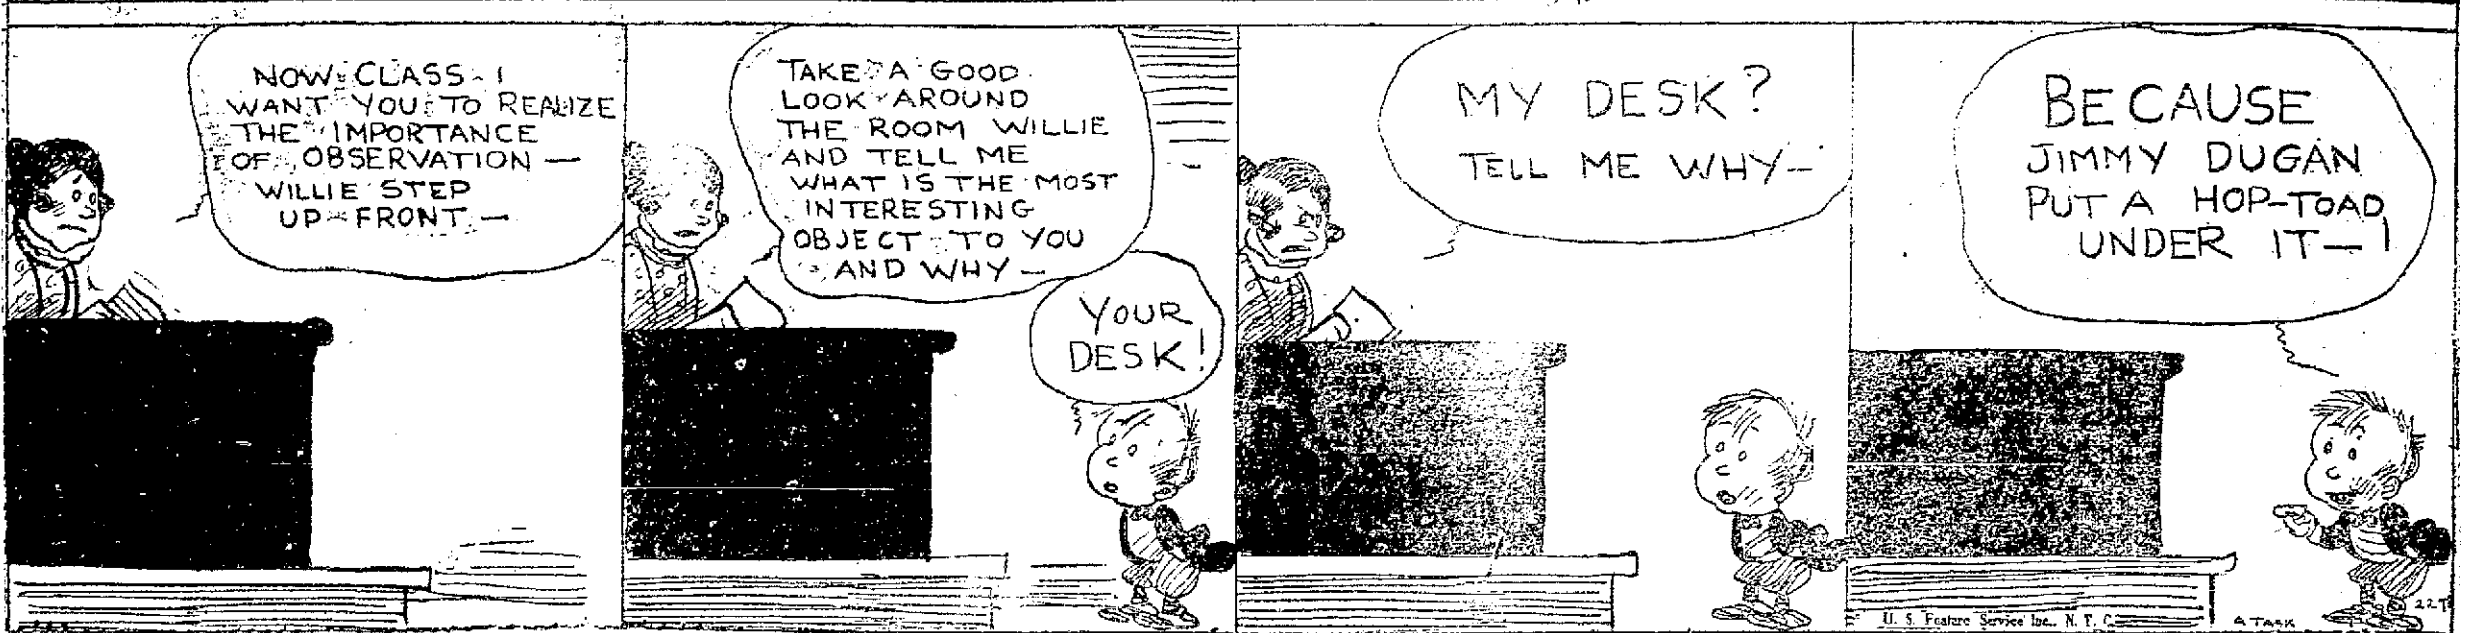

A few hours later another telegram came from the foreman.

"Buried boss. Made sure he was quite dead. Hit him on the head with a large shovel."
